CSC TEAMS SHINE IN MEMORIAL DAY TOURNAMENTS

Capital Soccer Club sent out 8 teams to compete in Memorial Day Weekend tournaments in MA, CT, and RI.

The highlight of the weekend was the ['00 Boys Team](#) winning the [43rd Annual Needham Memorial Day Tournament – College Showcase](#). The boys won the U19 Division and did it in dramatic fashion – a penalty shootout victory. This victory was especially sweet given that it will be the last tournament this team will have together. Many of these players

started out in our [U10 Youth Academy](#)! What a great end to their CSC career!

The ['07 Boys Team](#) also shined in the Avon Memorial Day Tournament, placing second in their division and playing with style.

The ['03/04 girls team](#), the ['05 girls black team](#), the ['05/06 girls red team](#), the ['02 boys team](#), the ['04 boys team](#), and the ['05 boys team](#) also participated and played brilliantly. All of our teams upheld our [Club Principles](#) and played some great soccer!

TRAIN TO COMPETE

Our summer camp is here and registration is live! The camp is open to all players (not just Capital SC members) and is targeted for collegiate and high school athletes. [Click here](#) for more information!

Capital SC Barcelona Trip 2019

Capital Soccer Club's 2005 boys and girls teams travelled to Barcelona during spring break this past April! The two teams played friendly matches with local Catalunian clubs [CF Montornès](#), [Atletico Vallès](#), and [La Roca PBB](#).

The players also had the opportunity to tour FC Barcelona's home stadium, the Camp Nou, as well as watch a La Liga match between [Girona FC](#) and [Villarreal CF](#). It was a tremendous experience!

"The more she speaks out, she is bringing more to her game...There's a power to it that goes beyond the field. When what you are doing goes beyond soccer, the playing aspect doesn't feel as heavy." – Lori Lindsey, speaking about USWNT star Megan Rapinoe in [Sports Illustrated](#).

The FIFA Women's World Cup kicks off on June 7th! The US National Team is poised to repeat as champion. Among those leading the team is veteran attacker [Megan Rapinoe](#). Rapinoe was recently profiled in *Sports Illustrated* as a leading voice demanding gender equality and other issues that are much larger than the game itself. Read about her and what she stands for [here](#).
